In consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the undersigned [ ] (hereinafter "Grantor"), does hereby grant, bargain, and convey unto the **TOWN OF DAUPHIN ISLAND**, an Alabama municipal corporation (hereinafter "Grantee"), a permanent easement for placement, construction, maintenance and use of sand and associated sand stabilization structures, vegetation, and access structures for protection against tides, seas, and waves, and for use in the establishment and maintenance of beach projects pursuant to Ala. (a) to place, construct, preserve, patrol, operate, maintain, repair, rehabilitate, and replace sand and associated sand stabilization structures, vegetation in the form of typical dune/beach plant species which might be placed to aid in stabilizing the sand and reducing wind erosion, with selection and placement performed in consultation with the Grantor, and access structures on the Easement;

(e) to erect and remove temporary structures on and from the Easement related to the initial placement and subsequent maintenance of the sand fill, including short-term construction office/storage unit placed by contractor during initial active sand placement/grading, cribbing, "A-frames" and similar

temporary supports for the placement pipeline, and subsequent incorporation of sand fencing to control long-term wind transport;

(f) to reasonably manage, regulate, and restrict activity on the Easement during the construction phase of any beach renourishment project so as to facilitate protection, stabilization, and maintenance of embankments, berms, dunes, vegetation, and associated systems and structures on the Easement;

(g) to remove debris and obstructions from the Easement, reserving, however, to the Grantor and its heirs, successors, and assigns the right to construct and maintain dune overwalk structures insofar as such are otherwise constructed and maintained in compliance with all applicable federal, state, and municipal laws and regulations and with all necessary governmental approvals and to the extent that the structures do not interfere with the purpose of the Easement; and

(h) to perform any other actions appropriate and incidental to the construction, renourishment, and maintenance of beach projects (as defined in Ala. Code Section 11-47-250) while reserving to the Grantor and its heirs, successors, and assigns the ownership of the Easement property.

To the extent that the Easement is situated upon lands constituting common elements of a condominium, Grantor represents and warrants that it is the duly constituted unit owners' association with respect to such common elements and that it has all necessary authorization under the applicable declaration of condominium, under its bylaws, and under the Condominium Ownership Act, the Alabama Uniform Condominium Act of 1991, or both, as applicable, to execute and deliver this instrument to Grantee.

To Have and to Hold the same unto the said Grantee, its successors and assigns, for the purpose of exercising the said rights, privileges, and easements hereinabove described.
